

2013 Educational Series

Where diversity, educational excellence, and collaboration unite.

In collaboration with:

University of Southern California
Sol Price School of Public Policy in Sacramento

The **Conversations in Leadership Series 2013** has been designed to build upon the success and interest generated in our Navigating Leadership event held in November 2012. In this leadership series, attendees will participate in quarterly workshops in May, August and November (exact dates are being finalized). Attendees will be invited into an interactive dialog and discussion with some of the acclaimed state leadership featured. It's a rare opportunity when the leadership wisdom of our state transcends a program format that talks to us to one that joins with us to discuss, grow and learn together.
