February 2021

February 17: CDP Virtual Lunchtime Workshop

APSEA is proud to once again partner with the Association of California State Employees with Disabilities (ACSED) to host a Career Development Program (CDP) Virtual Lunchtime Workshop on Wednesday, February 17.

Russ Nichols, Chief Information Officer at the Department of Corrections and Rehabilitation, will be the speaker on the topic of "Technology: Increasing Effectiveness and Efficiencies During and Post COVID-19."

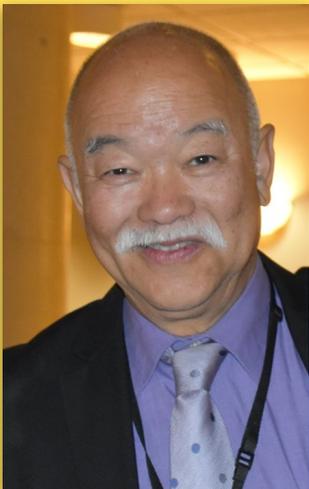

By many measures, 2020 was the year of disruption. It disrupted lives and the economy worldwide and tested the US healthcare infrastructure. But, it also highlighted how technology solutions

accelerated effectiveness and efficiencies within government operations.

Like all CDP Lunchtime Workshops, this event is free of charge for APSEA and ACSED members. As has been done since the start of the pandemic, we are also offering non-APSEA and ACSED members to participate in the virtual sessions for free. However, all participants must register in advance. Please register through [**Eventbrite**](#).

If you are unable to attend, as an APSEA member, you can access videos of past CDP Lunchtime Workshops on the [**APSEA website**](#) at:

CONGRATULATIONS APSEA FOUNDING MEMBER DEAN LAN!

ACSED distributed their annual awards during the January Statewide Disability Advisory Council (SDAC) virtual meeting.

In recognition of his many years of service supporting the activities and mission of ACSED, and advancing equal employment opportunities for state employees, ACSED presented an award to APSEA Founding Member and current Board Advisor Dean Lan.

The APSEA Board was well represented during the SDAC virtual meeting and we couldn't be prouder of Dean; this award is well deserved. Congratulations Dean!

Women's History Month

This March, APSEA plans to present a series of events in honor of Women's History Month.

In addition to a special panel, and a CDP Virtual Brown Bag Lunch Workshop with California State Treasurer Betty Yee, APSEA will be hosting an essay contest.

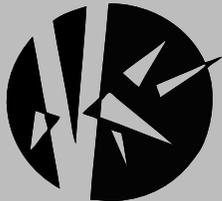

More information will be released later this month, so be sure to visit the [APSEA website](#), follow us on [Facebook](#) and [Instagram](#), and check your email.

APSEA Serving Our Community: Front Street Animal Shelter

APSEA is calling on its members to provide support to the Front Street Animal Shelter in February.

APSEA members can provide support by purchasing products from the Front Street Animal Shelter's [Amazon Wish List](#) or donate directly through Front Street's [website](#).

Don't worry if you are unable to contribute this month; APSEA's Volunteer Committee is coordinating opportunities to support other community organizations in March and April. Stay tuned for additional details!
